

Changes

A list of these changes is provided for reference.

All references to “U.S. Customs” and “Customs” have been changed to “Customs and Border Protection” (CBP) or “CBP” where appropriate.

Former chapter titled ”Input to Customs” changed to “Input to Customs and Border Protection:

First introduction paragraph added “NVOCC”. Fourth paragraph changed “two other” to “eight other”, and added “N00 Records” to end. Made edits in sixth and eighth paragraphs.

Record Identifier B01 – Made edits in description of “Bill of Lading Status Indicator” data element.

Record Identifier B02 – Made edits in introduction paragraph. Made edits in description of “Second Notify Party (1)” data element. Changed status from “C” to “M” for “Last Foreign Port Before Departing for the U.S.” data element.

Record Identifier B04 – Made edits in introduction paragraph. Added Qualifier Code “SNP” to “Note 1”

Record Identifier N00 – Deleted “(FUTURE USE)” in introduction paragraph. Made edits in all data elements of Record Identifier N00.

Record Identifier I01 – Made edits in description of “In-bond Entry Type” data element. Added new data element “BTD/FDA Indicator” in position 6. Changed “Length/Class” from “2X” to “1X” and “Position” from “6” to “7”. Changed status from “C” to “M” in “U.S. Port of Destination/ Intermediate Destination” data element.

Record Identifier C01 – Made edits in introduction paragraph. Made edits in description of “Load/Empty Status Code” data element.

Record Identifier D01 – Made edits in “Note 3”.

Record Identifier V01 – Made edits in introduction paragraph.

Former chapter titled “Output from Customs” changed to “Output from Customs and Border Protection”

Introduction paragraph – Added “NVOCC”.

Record Identifier R02 – Made edits in description of data element “Disposition Code”.

Record Identifier R02 (Continuation) – Data element “Reference Number Qualifier” added new “SNP” code in description.

Subsequent In-Bond Application

Record Identifier A01 – Added new code in description of data element “Action Code”. Note 1 – deleted action codes A, C, D, N, R, and S. Deleted “Note 2”.

Record Identifier B03 – Changed status from “C” to “M” for data element “Quantity”.

Record Identifier N00 – Deleted “(FUTURE USE)” in introduction paragraph. Made edits in all data elements of Record Identifier N00.
